President Burt, accompanied by Chief Engineer Berry of the Union Pacific, Vice Presidents of the Union Pacific, General Superintendent Calvin and Resident Engineer Ashton of the Oregon Short Line, late yesterday after-noon went out to Garfield over the narrow guage on a trip and incidentally viewed the survey recently made that takes a wide sweep from Black Rock out to the Salt Works and thence into town parallel with the Saltair road tracks. Just what decision has been arrived at regarding the standard-guaging of the Tooele branch is not known at this time. General Superintendent Calvin this morning stated that no definite date had been set for the commencement of the work Last spring, it will be recalled, General Manager Bancroft gave out that work would be commenced at once, and in confirmation of that statement material was shipped in for that purpose. The Short Line, however, woke up one fine Satuday morning and discovered that the Clark people had taken possession material and all other that was availble was snatched up and hurried to the frame past haste and the protect of standard-gauging the Tooele branch was for the time being abandoned. There is no doubt, however, that it will itimately be built and the Garfield line be the main line to Los Angeles. survey may also be followed with the double object of making it awkward for the San Pedro to get into the city from the lake and also to capture the sait business and the big tonnage

Trans-Continental Trip. New York, July 9.- The departure for San Francisco of four Epworth League specials, made the Pennsylvania railroads terminal at Jersey City more than usually busy. These four trains made up largely of tourists who desire o attend the Epworth League conven-ion at San Francisco were filled nearly their capacity of 100 persons each. They were in charge of four tourist agents provided by the railroad who will throughout the trip look after the comfort of the passengers.

The itinerary includes stops at Salt Lake City and Denver on the journey westward, while coming east over the Canadian Pacific, the passengers will visit Delmonte, taking the 17 mile drive along the beach, San Jose, Los Angeles, Portland, Tacoma, Banff Hot Springs, St. Paul, Minneapolis and Chicago.

PRESIDENTS IN SESSION.

Railroad Executives Hold a Conference on the Subject of Rates.

Chicago, July 9.-The Record-Herald says: The Western rates situation has been taken in hand by the railway oresidents and last night there was talk n certain quarters that the cut rates promulgated by the Santa Fe would ever go into effect.

It is understood in railroad circles that Mr. Fillmore will be succeeded by E. H. Fitzhugh, who resigned the postion of general manager of the Vermont Railroad and is now here on waiting orders,

The prevailing opinion in the general office of the company respecting J. H. Herbert, who resigned the general superintendency from the St. Louis, Iron Mountain & Southern to accept a position under President Hays is that he will be installed in the superintendence of the Tucson division of the company as successor to Epes Randolph, who has esigned to become general manager of he Los Angeles railway.

Rate Situation.

New York, July 9.-The Journal Commerce says: The rate troubles in to the Eastern trunk lines are no ausing concern in Eastern railroad el les that might naturally be expected The cutting, it is declared, is of long standing and the action of the Atichi son will simply serve to bring the mat ter to a head. One of the very highes sterests connected with the spread the community of interest plan of rail-road control says that there is no reawhatever for alarm over the rate

situation. So far as eastbound rates are corned they have according to local trunk fine authorities, not been seriousy affected. The grain pool from Buffalo is in perfect working order and rates are being maintained on the f 31/2 cents to New York for wheat. For the last two years the rate situation in the East has been in a satisfactor, shape. The trunk line officials, there fore, feel that they have the right t demand that the Western roads shall cease cutting rates on traffic which in part is carried by the Easter nines.
